

98% of our customers would recommend us to a friend

"Very happy with your service and would have no hesitation in recommending you" – Graham.

Virtual Office

What is a Virtual Office?

A virtual office blends home and work to gain efficiencies in both. Office expenses are low, whilst you retain the professional image of a traditional, high-cost office. Using a virtual office can reduce your environmental impact, as well as remove the negatives of a daily commute.

Above all, a virtual office can allow for low-cost expansion with no long-term commitments.

Virtual and Serviced Office Differences

There are many differences between Virtual Offices, Serviced Offices, and working from home. See our table below to see the differences in cost, time and convenience.

	Serviced Office	Virtual office	Home
Flexibility	High	High	Poor
Security	High	High	Poor
Image	High	High	Poor
Cost	Expensive	Low cost	Low cost
OVERALL	Very expensive but otherwise a good option	Low cost, professional image that provides a flexible working solution.	Low cost, high risk solution that lacks credibility.

How do Virtual Offices/Virtual Addresses work?

A virtual office or virtual address is different to a serviced office, in the sense that you don't actually rent floor or desk space with us.

You pay a small monthly charge to make use of our business address on your letterhead, website, advertising material etc... When your letters or packages are delivered we can hold them for collection, scan and email them to you or deliver them to a different address daily via first class post.

Many businesses utilise Virtual Offices to solve a variety of problems:

- Sole traders or partnerships are able to obtain a city centre address for a fraction of the cost of renting office space.
- Home workers may prefer not to use their home address for customer correspondence.
- Business owners can utilise current technology to provide a centralised virtual office for teams of remote workers.
- International companies can provide a national presence for customer correspondence.

PRICES

Brighton Virtual Office

	Mail forwarding	Mail collection	Scan to email
Set Up Fee	FREE	FREE	FREE
Cost per annum	£245	£210	£210
Included free letters	5	30	20

Refundable postal deposit to be held on account	£30.00	£30.00	£30.00

All prices exclude VAT

Virtual Address Prices:

Options start at £210 to use our business address as your own; this works out at less than 60 pence a day. Our Standard service, which includes 30 letters forwarded free per month is £245. If you think you may have a lot more than this, give us a call and we'll be pleased to provide a bespoke quote.

Limited Company Address Prices:

It is possible to use a virtual address service as your registered office address at Companies House. On the virtual address plans listed above you are allowed to register our address with Companies House as an office address at which you can be served official papers.

Mail Collection & Forwarding Prices:

If you are local to the area, you may collect your post from us free of charge.

If you are not local, we offer a mail forwarding service. On the Standard tariff your first 30 letters are included free of charge, you just pay for the cost of postage. Beyond your first 30, additional letters are 75p per letter plus postage.

We are able to sign for parcels on your behalf. If you require mail forwarding of parcels via recorded delivery or courier we charge £1.50 per item plus the cost of the postage or courier.

We can forward your mail internationally if required. Please note this is a 'letter only' business address service, we cannot ship goods or packages overseas. An additional £30 postage deposit is required for this service.

Mail Scanned & Emailed Prices:

If you would like to have your mail opened, scanned and emailed to you rather than posted to you then you can use our scan to email service. The cost of this service is £210 per annum and includes having 20 letters per month scanned and emailed to you. After emailing you your post we can destroy it, hold it for you to collect at a later date or we can forward it to you by first class post.

On our scan to email service, you may still receive parcels which we are able to sign for on your behalf. For each parcel we receive for you on our scan to email service there is a handling charge of £1.50. You may then either collect your parcels or they can be forwarded on to you by courier.

Our Virtual Business Address is in Brighton, East Sussex, United Kingdom (UK).
